SUBJECT INDEX, VOLUME 12

Activation energy, 409
Biaxial deformations, large, 363
Concentration, effects of, 457
Constant rate stressing, 217
Continua, viscoelastic, 57
Couette viscometer, 5, 351
Creep, 243
Crosslinked rubbers, 335
Cylinders and spheroids, rigid, rotation of, 209
Deformations, large biaxial and simple tensile, 363
  sudden, 57
Dicumyl peroxide vulcanizates, 335
Dilatancy, rheological, 511
Dilatant (shear-thickening) fluids, 13, 27
Displacements, small, 397
Dynamic mechanical properties, 335
Dynamic moduli, 199
Elastic liquids, 103
Elastomers, filled, response and failure of, 315
  highly filled, 303
Flow, 409
Fluids, dilatant (shear-thickening), 13, 27
  viscoelastic, 39
Glasses, inorganic, 69
Hysteresis, viscoelastic, 479, 489
Kernel functions, product form of, 217
Latex, synthetic, 357
Liquids, elastic, 103
Melts, branched polyethylene, 409
  high polymer, 183
  polymer, 573
Model predictions, 479
Multimodal suspensions, viscosity of, 281
Narrow distribution polystyrene solutions, 535
Optical properties, 133
Particle motions in sheared suspensions, 209
Particle size, 357
Penetrometer, stress relaxation ball indentation, 445
Phase growth, 103
Pochettino viscometer, modified, 183
Polyethylene, partially crystalline, 133
Polyethylene melts, branched, 409
Polymer melts, 573
Polystyrene solutions, narrow distribution, 535
Poly(vinyl chloride), 217
Product form of kernel functions, 217
Relaxation and retardation spectra, 143
Rigid spheroids and cylinders, rotation of, 209
Rubber, styrene–butadiene, 335
Sharp-edged entrance, viscoelastic fluid at, 39
Sheared suspensions, 209
Shear rate, 5
Size distribution, 357
Solutions, concentrated, 573
  narrow distribution polystyrene, 535
  polymer, 559
Spheres, suspensions of, 421
Spheroids and cylinders, rigid, rotation of, 209
Steady-state compliance, 559
Stress-birefringent patterns, 39
Stress relaxation, 259, 445
  uniaxial, 243
Stress–strain function, 303
Styrene–butadiene rubber, 335
Styrene–butadiene vulcanizates, 363
Suspensions, aqueous pigment, 511
  dispersed and aggregated, 421
  fluid, 457

multimodal, viscosity of, 281
sheared, 209
Synthetic latex viscosity, 357
Temperature effects in Couette viscometers, 351
Tensile deformations, simple, 363
Transients, 469
Uniaxial strain, 259
Uniaxial stress relaxation, 243
Unimodal viscosity data, 281
Vacuole formation, 315
Vibrating reed measurements, 199
Viscoelastic continua, 57
Viscoelastic fluid, 39
Viscoelastic hysteresis, 479, 489
Viscoelasticity, nonlinear, 217
Viscoelastic materials, linear, 143, 199
model, 469
nonlinear, 243, 259
Viscoelastic properties, 183, 363
Viscoelastic theories, simple, 155
Viscometer, wide-range rising column capillary, 573
Viscometric flow, 397
Viscosity, 421
of multimodal suspensions, 281
of synthetic latex, 357
Vulcanizates, dicumyl peroxide, 335
styrene–butadiene, 363

TRANSACTIONS of the SOCIETY OF RHEOLOGY

VOLUME 12, 1968

Editor: Raymond R. Myers

Kent State University
Kent, Ohio

Assistant Editors: E. B. Bagley

Washington University
St. Louis, Missouri

Hershel Markovitz

Mellon Institute
Pittsburgh, Pennsylvania

Roger S. Porter

University of Massachusetts
Amherst, Massachusetts

Steven Prager

University of Minnesota
Minneapolis, Minnesota

James L. White

University of Tennessee
Knoxville, Tennessee

Copyright © 1968 by John Wiley & Sons, Inc.

Statement of ownership, management, and circulation (Act of October 23, 1962; Section 4369 Title 39, United States Code)

1. Date of filing: September 17, 1968

2. Title of Publication: Transactions of the Society of Rheology

3. Frequency of Issue: Quarterly

4. Location of known office of publication: 20th and Northampton Streets, Easton, Pennsylvania 18042

5. Location of headquarters of general business offices of publisher: 605 Third Avenue, New York, New York 10016

6. The names and address of publisher, editor, and managing editor:
Publisher: Eric S. Proskauer, John Wiley & Sons, Inc., 605 Third Avenue, New York, York 10016
Editor: Raymond R. Myers, Kent State University, Kent, Ohio
Managing Editor: None

7. Owner: John Wiley & Sons, Inc., 605 Third Avenue, New York, New York 10016
Stockholders owning or holding 1 per cent or more of total amount of John Wiley & Sons, Inc., stock as of August 29, 1968
Edward P. Hamilton, as Trustee under will of Elizabeth Hamilton c/o Gifford, Woody, Carter and Hayes, 1 Wall Street, New York, N. Y. 10005, W. Bradford Wiley and Edward P. Hamilton, as Trustees for Edward P. Hamilton Foundation, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, N. Y. 10016, W. Bradford Wiley and Francis Lobdell, Trustees of Elizabeth Wiley Hamilton, Trust, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York, N. Y. 10016, Cynthia W. Darby, Box 651, Bridgehampton, L. I., N. Y. 11932, Cynthia W. Darby and Julia Wiley Gilbert, as Trustees under the will of Kate R. Q. Wiley, c/o Gifford, Woody, Carter and Hayes, 1 Wall Street, New York, N. Y. 10005, Julia Wiley Gilbert, Box 1191, Carmel, California, Edward P. Hamilton, 605 Third Avenue (and Katonah, N. Y.), New York, N. Y. 10016, Edward P. Hamilton and Cynthia W. Darby, as Trustees under will of William O. Wiley, c/o Gifford, Woody, Carter and Hayes, 1 Wall Street, New York, N. Y. 10005, I. M. Kolthoff, University of Minnesota, School of Chemistry, Minneapolis, Minnesota, Willy Levinger, 336 Central Park West, New York, N. Y., Mrs. R. R. Pennywitt, 49 Bristol Place, Bay Head, New Jersey, Eric S. Proskauer and Charles H. Lieb as Trustees u/a dated 11/27/62 made by Jenny R. Proskauer, 220 Central Park South, New York, N. Y., Francis Lobdell and William J. Seawright, as Trustees for William Bradford Wiley, 2nd, Peter Booth Wiley, Deborah Elizabeth Wiley, 605 Third Avenue, New York, N. Y. 10016, Adele E. Windheim, 8 Dundee Road, Larchmont, New York, Reing and Company, P. O. Box 491, Church Street Station, New York, N. Y. 10015, Shaw and Company, P. O. Box 491, Church Street Station, New York, N. Y. 10015

8. Known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities; None.

9. Paragraphs 7 and 8 include, in cases where the stockholders or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees hold stock and securities in a capacity other than that of a bone fide owner. Names and addresses of individuals who are stockholders of a corporation which itself as a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 7 and 8 when the interests of such individuals are equivalent to 1 per cent or more of the total amount of the stock or securities of the publishing corporation.

10. This item must be complete for all publications except those which do not carry advertising other than the publishers own and which are named in Section 132.231, 132,232, and 132,233, Postal Manual (Sections 4355a, 4355b, and 4356 of Title 39, United States Code).
I certify that the statements made by me above are correct and complete:

Eric S. Proskauer
